## OUR APPROVAL DEPARTMENT

Aside from the coins which we have in sufficient quantity to advertise in COIN TOPICS, our stock includes a varied selection of both inexpensive and rare coins. We are always pleased to send such coins on approval to a collector who has established credit with us. Those who have not sent us their credit ratings are invited to do so. We will accept a rating from your bank or one of the merchants with whom you deal.

While it is possible to form a worthwhile collection by buying coins unseen, we believe that a collector would rather examine a coin before adding it to his collection. Our approval system will enable you to do this. When you receive approval lots from us you are under no obligation to make a purchase. All we ask is that you report on the lot within seven days, promptly returning coins in which you are not interested.

---

## CONDITIONS OF SALE

Each piece is guaranteed genuine. We have been careful not to over-rate the condition of any coin. In instances where we have on hand only one or two pieces of the coins listed, the orders first received are filled. We cannot guarantee to supply others at the same price.

The condition of a coin is expressed as follows:

M==MINT—A new coin never in circulation.

V.F.=VERY FINE—From circulation but no signs of wear.

F==FINE. Slightest sign of wear but still an attractive piece.

V.G.=VERY GOOD—Somewhat worn but still desirable.

G==GOOD—Worn but type all clear.

## POSTAGE

Unless otherwise stated, we pay the postage on all coins bought from us. Postage on the EASY DISPLAY SYSTEM, and publications is extra. Insofar as possible, all orders are filled on the day of receipt.

## TERMS

Net cash in advance. We prefer to receive stamps in payment of orders for a dollar or less. Any items found unsatisfactory may be returned within five days. Make all remittances by bank check, postal or express order payable to Wayte Raymond, Inc. Do not send coin or currency by unregistered mail.

## Silver Cob Money of Early America

While digging for the foundation of a new theatre in Mexico City, workmen uncovered a small hoard of silver cob money. Most all of the pieces were struck by Philip IV, between 1621 and 1665. An unusual feature of the find is that the various denominations were in fairly equal proportions. The word "cob" means something rounded or forming a roundish lump, and is well applied to these crudely struck coins. They were made, like most coins of that period, by the hammer method.

A set of the 4 denominations will greatly add to the interest of any coin collection. The 4 and 2 reales are scarce denominations and the dollar size 8 reales is always in demand.

Set of 4 pieces, 8, 4, 2 and 1 Reales.  
Crude but fine. \$7.50.
